SUMMARY

Human-Centered Design and Engineering graduate with a research-driven approach to UX and product design. Experienced in user interviews, usability testing, and iterative design in Figma. Seeking a UX/Product design role where I can apply user-centered thinking to solve real problems.

EDUCATION

University of Washington, *Seattle, WA* Sept 2019 - June 2024

Bachelor of Science, Human Centered Design and Engineering (HCDE)

- GPA: 3.9 | Dean's List (2021 - 2023)
- Relevant coursework: Interactive Systems Design, User-Centered Design, User Research

PROJECTS

Capstone Project: City of Bellevue Park Signage Redesign UW HCDE | Jan–June 2024

- Redesigned park signage to more clearly communicate park rules and encourage visitor compliance
- Conducted user interviews and A/B testing with park visitors to identify pain points in the existing signage system
- Over two-thirds of the survey respondents found the redesigned park signage to be more engaging and concise

SKILLS

Design Tools: Figma, Miro
Design Process: User Research, Usability Testing, Interaction Design, User-Centered Design
Languages: English, Vietnamese

LEADERSHIP & INVOLVEMENT

UW HCDE Student Association — Vice President Sept 2023 - June 2024

- Organized 3 social, networking, & professional development events per quarter for HCDE students
- Partnered with student board to strengthen student engagement and community within the department
